Chinese American Foundation  
411 E. Huntington Dr., #205  
Arcadia, CA 91006

Dear Friends,

It is with great pleasure that I write to recognize the Chinese American Foundation.

Since its founding in 2005, the Chinese American Federation has worked to serve the Chinese community through developing strong relationships between Chinese immigrants and the United States. With the establishment of its own foundation in August 2017, the Chinese American Foundation has worked even more relentlessly to provide space of development in the Chinese immigrant neighborhoods at large, supporting awareness and participation of Chinese Americans in political affairs, civic empowerment, voter outreach/education and community service.

There has never been a more important time for an organization such as the Chinese American Foundation to be in existence. In the past two years, not only have Asian American communities experienced anti-Asian hate incidents, but the increased focus on China as an enemy of the United States has also amplified the atmosphere of xenophobia and encouraged more violence. It is only with the dedicated commitment of the Foundation to combat discrimination, promote justice and encourage cultural understanding, can hate against Asian American and Pacific Islander communities be stopped.

The Foundation has grown to be one of the most prominent organizations in the Asian American community. Throughout the COVID-19 pandemic, it has donated large numbers of personal protective equipment and supplies to first responders such as the Los Angeles County Sheriff's Department, Los Angeles County Department of Education, hospitals, nursing homes, and various public entities.
